

Directions:

Place pattern on fold of fabric. Cut two pieces for pillow.

Stitch around pillow leaving a half inch seam. When you come to the point where the heart indents, stop your machine, take one horizontal stitch, then proceed. Leave a three inch opening for stuffing.

Slash where the heart indents up to the stitch.

Notch around pillow as indicated on pattern. (This is important so pillow will be smooth.)

Trim the point of the heart.

Stuff firmly. Stitch opening.
