COMMUNITY IMPROVEMENT CONTEST

We are in our second year of our Clubs Community Improvement Contest showing “What a Difference” we can make in our community. Large or small we can make a difference.

If you haven't started your project yet here are some ideas to keep in mind:

- What are your reasons for picking this project
- What tangible and intangible results to be achieved
- How will it be maintained
- Asset community needs
- What about obstacles – have plan ready

Keep a calendar and start writing on your projects. Check the manual on Writing Well and watch the keywords and phrases to help with your report.

I was invited to one club's half way mark in their project. What outstanding work they did with the partnership of their community. I am anxious to see their finished project.

Check your completed entry form/cover sheet to be sure you have all instructions covered. Be sure and read the judging criteria. Do not miss this opportunity to win one of the awards.

Reminder of dates and deadlines

Projects span from March 1, 2010 to February 28, 2012. You still have time to get your project finished on time. Club entries must be sent to me (address above) and postmarked no later than **March 10, 2012**

Partners and Resources:

- **Partners** are organizations that have committed that they will provide unique projects with their organization that GFWC clubs can use on their local level.
- **Resources** are organizations that have information and material, and have offered assistance to clubs to help them work in those Community Service Programs in the local community.
