Club newsletters are one of the most effective and efficient methods of informing GFWC members about current, ongoing, and new initiatives. A newsletter that is issued on a regular basis and provides key information will be an asset to clubwomen as they implement projects, make decisions about club management, and collaborate with one another for greater impact. Be sure to include club name, district number, GFWC logo, club president's name, club website, email contact, upcoming meetings, and other important dates.

Your club yearbook is for your members and needs to include your club name and district number, membership requirements and brochures, club forms, bylaws, membership directory, and a club calendar. This is a great place to keep your club's history.

Keep those articles coming for the Florida Clubwoman!
