Juniors,

This is going to be an exciting year with all the changes.

A Collaboration is any project that your club implements to give children brighter futures. A collaboration project will not utilize a partnership.

Use any of the Resources or Additional information websites to give you ideas of projects your club could do.

For the next 2 years I would like to focus on children in foster care especially those who will be *aging out of the system.*

Unfamiliar with that term, it means children who are in foster care and have reached the age of 18 and no longer will be assisted by the foster care system. They suddenly find themselves looking for a place to live and how to furnish it. As with most foster children they have very little, sometimes a big black garbage bag serves as luggage.

Just imagine sending your child off to college or their first apartment with just a garbage bag full of their possessions. You won't want to miss our hands on project for these children.

September 19th, Sunday 10:30 to 11:30

The workshop will be
"TOO HOT TO HANDLE"
