The 1895 Society
"Preserving Our Past and Ensuring Our Future"

On February 21, 1895 the Village Improvement Association of Green Cove Springs invited other organizations to attend this meeting and organized the Florida Federation of Women's Clubs.

The Executive Committee 2006-2008 wanting to assure the preservation of our future both financially and historically in the Fall of 2007 membership to ***The 1895 Society*** began. The objective is to preserve our headquarters in Lakeland, dedicated in 1990 by taking care of maintenance and improvements both interior and exterior.

Thanks to all the Federation members who have joined ***The 1895 Society*** and through your generosity and donations by individuals we have a new Federation sign, lighted flag pole and flag, a new roof, exterior sprinkler system fixed, new landscaping, painted the exterior and some interior and have been able to purchase new office equipment.

As with any 'home' there are still many improvements and renovations to be done. Our beautiful front doors need to be replaced due to 'carpenter ants'. Plans are in progress for a new designed door. We also need a major renovation on the bathroom to enlarge and bring up to code. Your support is needed so that we can complete this next phase of improvements to our headquarters as soon as possible!

We know that each one of you want to be proud of **YOUR** headquarters building and we invite you to visit at any time.

Please join us as an individual or as a club, and send your donation to headquarters marked *The 1895 Society*. **Thanks for caring! You are making a difference!**
