Reporting on Leadership can be very simple. I will be looking for the following areas when reading your report. The areas are pretty straight forward and most clubs do the things anyway. What I will also be looking for is whether you have always done this, or just started doing some of these things and, most importantly, what was the feedback from your club members. Did it work for your club, if so why or why not. What did you do or plan to do to make it fit the make-up of your club. Each club is different, each membership is different, so don't think that you must do all these things. Again, I will focus more on feedback from your members. Leaders listen to their members and Leaders do what is best for their club.

Please contact me if you have any questions or concerns. I am here to help you in any way I can.

AREAS OF LEAERSHIP

Agendas Annual District Meeting

Board Meetings/Prepare By-Laws Club/District/State Championships

Club Goal Setting Club Leadership Retreats
